Mai Bao Long

Android developer

📞 0943.602.574   📧 mbltlht@gmail.com   🏠 102 Street, Tang Nhon Phu A Ward, Thu Duc City, Ho Chi Minh City

CAREER GOAL

I am a senior student who is passionate about coding for both web and mobile applications, with a particular focus on Android development. I have not only studied my major at university but also gained practical experience by working on several professional projects in both web and mobile domains. This is the reason why I would like to apply for a fresher position at your company, where I can utilize and further develop my professional abilities.

EDUCATION

Ho Chi Minh City University of Technology and Education   2020 - 2024

Major: Information Technology   GPA: 3.3/4.0

EXPERIENCE

Android developer   April 2023 - Present

- Having around 1 year of experience in developing Android projects outsource with Kotlin and Java such as: Music Player, ChatGPT Assistant, ThemePack, GPS Tracking, Mom Care, Samsung Remote TV, etc..
- Used the following technologies and skills: Coroutine, Data binding, RoomDB, Retrofit, Dependency Injection (Hilt), Navigation, Material Design, Firebase, Datastore, RecyclerView, ViewModel, Live Data, Flow, MVVM, MVI,…
- Included 6 months of remote work experience for Uthus JSC from April 2023 to September 2023, with 3 months as an intern.

Android intern   May 2023- August 2023

- There are 3 months of internship experience at Uthus Technology JSC: Research and demo ChatGPT API App; Support to build 2 projects with Kotlin: Theme pack app, GPS Tracking: Speed pedometer app. These two apps were presented on CHPlay.

Web developer   August 2022 – December 2022

- Experience in web development utilizing Java servlets, ReactJs, with a proficiency in applying the MVC design pattern and structuring web projects. Skilled in handling frontend development tasks using HTML5, CSS and JavascriptXML.
